

MICHIGAN MASONIC
Charitable
FOUNDATION
A LEGACY OF GIVING

2016 impactreport

Our donors, our heroes!

“Together, we are changing lives through charity.”

We look forward to an exciting year of growth, touching lives and striving to be the best we can be.

Won't you join us? You can make a difference, you can change a life, and in so doing, you can make the world a better place for all mankind.

“So mote it be!”

Walter F. Wheeler
PGM, Executive Director

The best is yet to come!

This past year has been one of the most exciting ever for your Foundation. We have made tremendous progress in our efforts to impact people's lives and truly make a difference in our communities.

As you read the pages that follow, you will see that we are impacting members of our Masonic Family, our Youth, Residents of our Masonic Home and our Communities on a daily basis. With programs like our Almoner's Fund, Widows and Orphans Funds and Live Better at Home™, we are helping our Masonic Family. By partnering with our lodges in providing scholarships to students and grants to local charities, we are helping our communities. By sponsoring programs like the Masonic Model Student Assistance Program, we are making a difference in the lives of people across the great state of Michigan.

In March, we donated \$100,000 to the Flint Community Foundation in support of their efforts to help the children of Flint with the long term health effects associated with the Flint water crisis. We are planning to expand this type of support by pledging \$10 million dollars over the next 10 years, to the people of Michigan in communities throughout our great state. To quote our ritual, "to relieve the distressed is a duty incumbent upon all men, but particularly upon masons." This new grant program will help us live up to our teachings, and will truly change people's lives.

In addition, we will be investing \$1 million dollars a year for the next 3 years in upgrading the facilities at Masonic Pathways. We have one of the finest facilities in the state of Michigan, and this investment will ensure we maintain the high standards we all expect of our Masonic Home.

We want to sincerely thank all of you for playing such a vital role in our successes. Our Trustees, the Grand Lodge officers, our Donors, Ambassadors, Volunteers, and all those who have attended Foundation events or participated in Foundation programs, we thank you for sharing your time, talent and treasure with us. Without you, none of the things we do would be possible.

I am so proud of what our Foundation has accomplished and look forward, with great anticipation, to what our future efforts will bring. Together, we are changing lives through charity!

Fraternally,

Reach for the Skyes!

Did you know over 8,500 children have been affected by the Flint water crisis?

Did you know the health effects of lead exposure in children include impaired cognition, behavioral disorders, hearing problems and delayed puberty?

Did you know lead damage is permanent?

"She sits atop her "mountain" of water as she waits for her bottled bath water to warm up in front of the heater."

Skye, your typical happy-go-lucky, fun-loving two year old who lives with her mother Brandie in Flint, is just one of thousands of children impacted daily by this water crisis. Skye, who used to love taking baths and playing in the bubbles, can no longer do so because the water is too dangerous to touch. As a result of the water contamination, an activity she used to enjoy daily has become a twice a week conundrum. She sits atop her "mountain" of water as she waits for her bottled bath water to warm up in front of the heater; the most innocent of joys stripped from her.

After Flint changed its water source from treated Detroit Water and Sewage Department water to the Flint River, its drinking water had a series of problems that culminated with lead contamination, creating a serious public health danger. The corrosive water caused lead from aging pipes to leach into the water supply, causing extremely elevated levels of the heavy metal. Lead levels of five parts per billion is reason for concern; Flint's water tested at more than five times that amount. ¹

Brandie struggles to find the money and resources to get her daughter out of the city and away from the poison. She worries herself sick because she knows Skye has been around this since birth and is terrified of the side effects the lead may produce in her daughter. Symptoms can take years to appear and are irreversible. "Simple tasks like cooking, cleaning, and washing the dishes all have to be done with bottled water because you just

can't trust the water or the pipes it's running through. We are constantly running to get water. Instead of turning on a tap, we have to reach for a bottle from one of the cases we are constantly tripping over. You have to second guess everything before you do it."

Because of the generosity of people like YOU, the Michigan Masonic Charitable Foundation (MMCF) donated \$100,000 to the Flint Child Health and Development Fund.

This fund assists the short and long term needs of Flint's children exposed to lead, through early childhood education, healthy food access, infant and child behavioral health and medical services; reaching out to thousands of innocent children like Skye who have been negatively and adversely affected by the crisis.

Financial Information

Last year, the Foundation, together with lodge contributions, awarded Matching Student Scholarship Grants with matches totaled over \$400,000, making college a reality for hundreds of Michigan students. The Foundation's Matching Community Charities Grant Program infused neighborhoods just like yours with much needed financial support, helping fund food pantries, warm clothing drives for disadvantaged children and initiatives to help struggling veterans. Since its inception over 3,000 educators, administrators, officials and student representatives received important training on how to recognize and assist students at risk for harm from issues like bullying, suicide and substance abuse, completely free of charge, and hundreds of senior Masons received compassionate, high quality care at Masonic Pathways.

By working together, we are making real change happen in the lives and communities of Michigan Masons.

Time, Talent and Treasure

“Do all the good you can, by all the means you can, in all the ways you can, in all the places you can, at all the times you can, to all the people you can, as long as ever you can.” These words by John Wesley make Tom and Connie Palmer come to mind.

The Palmers are one of those retired couples who are non-stop busy as they are continually active in their community. In their spare time, they enjoy church activities, gardening, TV, woodworking and volunteerism. Tom assists at the local school for the Beacon and Bikes for Books programs. They regularly contribute financially as well as volunteer at their local food bank where they help pack over 300 meals per week for school children who don't have enough food for the weekend. In addition, they assist 30 families with weekly food boxes. Tom also assisted at his local jail with the drug and alcohol recovery program.

They don't contribute or volunteer for the accolades. According to Tom, “Doing good comes back to you tenfold. It's good medicine to get involved and help someone else.”

Tom and Connie have been married for 46 years, have two children and two grandchildren.

Tom is a Past Master of St. Albans Lodge #20, has worked as secretary for eleven years and is also DDI for District 12. He has received the honor of District Mason of the Year and Mason of the Year three times. Tom is a member of York Rite, York Rite College, a Knight York Cross of Honor holder, Yeoman of York and currently is serving as High Priest for Royal Arch.

Tom takes the obligations he took to become a Mason 40 years ago very seriously: “I laid my hand on God's Bible and took an obligation to aid and assist members and orphans. I considered it a contract...when you are dead and gone, all you have going for you is your walk in life. We can choose to be part of the problem or part of the solution, and Masonry has taught me to be part of the solution.”

Tom and Connie Palmer

“I laid my hand on God's Bible and took an obligation to aid and assist members and orphans. I considered it a contract... when you are dead and gone, all you have going for you is your walk in life.”

~ Tom Palmer

Knowledgeable about the programs that the Michigan Masonic Charitable Foundation has to offer Masonic family members and the community, Tom has directed many to the Foundation and its services to assist people in need and has been a very generous donor.

To Tom, “Being able to help someone get assistance in a difficult time, that's what being a Mason is.” Generosity of our time, talent and treasure reveals to us how blessed we already are. It shows us how much we have to give and how much good we can accomplish. It helps us see the needs of those we live alongside.

Thank you Tom and Connie for your service and generosity to our Fraternity and to our communities.

Everything we do

at the Michigan Masonic Charitable Foundation can only be accomplished through the generosity and dedication of our donors. That's why the Foundation introduced its donor club programs which, in addition to the Lewis Cass Legacy Society, help us better recognize and express our sincere appreciation to our donors at each level of giving. The Giving Clubs recognize cumulative annual giving at seven different levels. As total giving increases, donors will progress to the next giving level. Donors are inducted in the Grand Master's Society upon their third year of consecutive giving to commemorate their ongoing commitment to support the Foundation. For those donors wishing to make a monthly recurring gift, the Michigan Masonic Charitable Foundation has added a new level of recognition, the Fellowcraft Society. The Lewis Cass Legacy Society continues to acknowledge those donors who have made a legacy commitment to the Foundation in their estate plan or will.
