## Community Outreach

### Masons Stay Active in the Community, Church, and School

Freemasons meet regularly at their established Lodge (the local organization of Freemasonry) for the transaction of business, for fellowship, and for the discussion of matters of Masonic interest. Since Masons are pledged to fulfill the demands of good citizenship, each Lodge works to maintain a vibrant, respected, and active role in community life. Lodges also work to forge alliances within the community designed to help the general public while developing the character of Masons.

Community Programs include:

- [The Beacon Project](#)
- [Michigan Child ID Program](#)
- [Model Student Assistance Program](#)
- [Scholarships and Grants](#)
- [Books for Bikes](#)

## Special Focus on Education

Freemasons started some of the first public schools in both Europe and America. We supported legislation to make education universal. In the 1800s, Masons lobbied for the establishment of state-supported education and federal land-grant colleges. In fact, in 1817 the Zion Lodge in Detroit helped to provide funding for the newly created University of Michigan.
